

# Technical Data Sheet

## PTO REPAIR KITS

### Seal Kits

These kits provide all the original oil seals, O-rings and gaskets (excluding mounting interface) to re-seal the PTO.

### Bearing Kits

These kits include all the bearings, circlips and the seal kit for a major overhaul of the PTO.

### Gasket Kits

These include all the mounting interface gaskets to allow a refit of a PTO.

### Mounting Kits

The mounting kit includes the mounting studs, nuts and the gasket kit to fit up a new PTO.

## Product Features

- **Viton O-Rings and Oil Seals**  
For greater durability at high operating temperatures and with synthetic oils.
- **Heavy Duty Bearings**  
For higher capacity and longer life. Sourced from reliable and consistent manufacturers.
